

## Data Storage+

Looking for an inexpensive solution for the electronic archiving of different objects?

Our archive system Data Storage Plus is an inexpensive solution for the electronic storage of your mass data and documents.

We hold over 650m (38 TB) documents permanently available at top speed online for our largest customer Deutsche Lufthansa AG.

We guarantee data security and audit security, GDPdU (German Basic Regulations for Accessing Data and Auditing Digital Documents) capability and compliance conformity, as well as access performance and cost-efficiency. You also benefit from a versatile storage function.

You can operate the system yourself under licence or rely on our ASP solution.

### BENEFIT +

- + Attractive archiving costs
- + Universally deployable for all data types to be archived
- + Auditor - checked audit security (GDPdU)
- + Performant data availability with online access (< 1sec)
- + High scalability
